## **The Steve Crosman Award for Outstanding Environmental Professionalism**

The Division of Compliance Assistance would like to announce the establishment of the Steve Crosman Award for Outstanding Environmental Professionalism in honor of Steve Crosman, a trainer with the Certification and Licensing Branch who passed away in December of 2011. Steve, who specialized in water systems operations, was well known and respected in the water and wastewater communities. Steve devoted himself to ensuring safe water for Kentucky by making sure he did his best to assist and train operators. He understood the importance of integrity in the profession and he showed that through his personal investment to the operators he mentored. It is in Steve's honor that we would like to recognize those individuals who value professionalism in their work and see the importance of providing quality service to the citizens of the commonwealth.

To be eligible for this award, the nominee must:

- 1) Be an operator certified by the Division of Compliance Assistance
- 2) Have maintained a license in good standing for the past five years.
- 3) Have substantially enhanced the operator profession and Kentucky's environment through voluntary actions such as mentoring other operators, educating the community about topics important to the profession or engaging in environmental projects that enhance the quality of life for Kentucky citizens.

To nominate someone for this award, please complete the following form in its entirety. Please keep submissions to a three page maximum. Deadline for submittal is December 31, 2012, at midnight. Nomination forms can be submitted through email at [envhelp@ky.gov](mailto:envhelp@ky.gov) or by mail (must be postmarked by December 31, 2012):

Division of Compliance Assistance  
300 Fair Oaks Lane  
Frankfort, KY 40601

Any Questions should be directed to [envhelp@ky.gov](mailto:envhelp@ky.gov) or by calling 502-564-0323.
