

Get the Green Ball Rolling

Economic, Energy and Environmental Strategies for the Kentucky Sports Industry

Are you looking for ways to make your business competitive in today's marketplace? Businesses must look at their processes critically to ensure that they are efficient, innovative and sustainable. The Kentucky Pollution Prevention Center and the Kentucky Division of Compliance Assistance are co-hosting a workshop that will focus on helping the sports industry advance efforts to use clean, energy-efficient practices to conserve energy, reduce environmental impacts, preserve jobs and enhance overall competitiveness.

See the full [agenda](#).

What will be covered?

- Creating efficient processes
- Increasing your bottom line and reducing waste through efficiency
